

# From our bubble to yours.

The premier Contact-Free COVID Friendly Coffee Solution. Muldoon's is dedicated to providing you with a safe, clean and green coffee experience. Keep staff morale high by creating a safe breakroom environment in these uncertain times with Muldoon's Coffee. Help keep your breakroom familiar and let us extend the safety and security of our bubble to yours.

At Muldoon's we employ the most stringent COVID safety protocols from production to delivery and service. This includes around-the-clock cleaning of all high-touch surfaces in our factory and vehicles, consistent hand washing with mandatory masks and gloves for all of our employees, and daily temperature and oximeter checks for anyone entering our facilities.

## Safe & Clean

Around-the-clock cleaning, mandatory masks and daily temperature checks

## Touchless Coffee

Brew a cup of coffee with a stylus, phone and even a Muldoon's Singles wrapper

## Sanitary Brew

Individually wrapped Singles. Directly from the roaster to your cup

## Friendly Support

We're here to help, by your side in these uncertain times. Just a call, click or email away.
